

TURMAGOLD

Concentrated Curcumin Oil

A comprehensive blend of Bioactive curcumin, Turmerones, Capsicum oil fortified with polyphenols, antioxidants and fatty acids

Composition :

- Turmeric oil extract with high concentration of curcumin
- Capsicum oil extract

Mode of Action :

Turmeric oil extract action

- Curcumin (Curcuminoids) from Turmeric oil has numerous benefits i.e. antiviral, antibacterial, antifungal, anti-protozoal, anti-inflammatory, antioxidant, immuno-modulation and various other benefits
- It improves humoral immunity against Coccidia thereby improving cocci lesion score
- Increases lactobacillus count in intestine
- Reduces growth of harmful GUT microbes
- Improves the villi length & weight along with secretion of digestive enzymes
- Improves calcium deposition in the uterus and increases shell weight and thickness
- Improves gizzard weight
- Reduces abdominal and subcutaneous fat

Capsicum oil extract action

- Broad spectrum of antimicrobial action
- Improves feed consumption & metabolism

- Improves GUT health
- Improves feed stability & prevents mycotoxin growth

Usage Recommendations:

For commercial Broilers, Layers & Breeders in all life stages of growth: 500 g - 1 kg per tonne of feed, replace by an equivalent quantity of Soya/Rice Bran Oil

Benefits :

- Feed attractant
- Improvement in FCR
- Improvement in immunity & GUT health
- Reduced mortality
- Improved meat & muscle quality
- Prevents Drip Loss
- Reduction of subcutaneous & abdominal fat
- Improvement in Egg production
- Improvement in Eggshell quality

Presentation :
